

CENTRAL INTELLIGENCE AGENCY  
OFFICE OF NATIONAL ESTIMATES

26 March 1954

MEMORANDUM FOR: [ ] Reproduction Division

SUBJECT : The 1 April 1954 Revision of the National  
Intelligence Digest

1. The April revision will consist of about 35 pages.
2. In future, would you please collate each revision so that OGD will receive 110 separate documents, each containing a complete revision. I am sorry that I neglected to tell you this last month since it took Top Secret Control two days to collate the 5,280 pages which they received from you. They have neither the facilities nor the space for this sort of operation.
3. We plan to send the mats to you on 2 April with a view to your having them to OGD by the 9th.
